

BRIHANMUMBAI MUNICIPAL CORPORATION
MUMBAI FIRE BRIGADE

Sub: Final Fire Safety approval for part completion from fire-protection & fire-fighting requirements point of view along with minor constructed amendments to Ground floor part on stilt + 1st & 2nd podium floor of Highrise commercial cum residential building on plot bearing CTS No 1386,1386/1 of Village Mulund (West) at Junction of Jawaharlal Nehru Road and Valji Ladha Road, Mulund (West)- 400080.

Ref: Online application uploaded by L.S., Mr. Ashish Narendra Bhatt of M/s. Ashish Bhatt & Associates vide File No. P-13454/2022/(1386 And Other)/T Ward/MULUND-W-CFO/1/New

M/S. Horizon Promoters India Limited.

In this case, please refer to this office N.O.C. issued u/r. no. P-13454/2022/(1386 And Other)/T Ward/MULUND-W/CFO/1/ Amend dated 14.12.2022, stipulating fire protection & fire-fighting requirements for the proposed construction of High-Rise Residential Building having ground floor + 1st to 3rd Podium floors + 4th to 16th upper residential floors with a total height of 56.15 meters from general ground level up to terrace level.

Further, N.O.C. issued by this office u/n. P-13454/2022/(1386 And Other)/T Ward/MULUND-W/CFO/1/ Amend, dated-24.11.2023, stipulating fire protection & firefighting requirements for the proposed construction of High-Rise Residential Building having part basement (-04.00 mtrs.) + ground floor + 1st to 4th Podium floors + 5th to 17th upper residential floors with a total height of 57.85 meters from general ground level up to terrace level.

Further, Provisional Fire Safety Approval issued by this office u/n. P-13454/2022/(1386 And Other)/T Ward/MULUND-W-CFO/1/New dated 25.11.2024, stipulating fire protection & firefighting requirements for the proposed construction of High- Rise Residential Building having ground floor part on stilt + 1st to 4th Podium floors + 5th to 17th upper residential floors with a total height of 57.85 meters from general ground level up to terrace level.

The L.S. has now uploaded the application for part Final Fire Safety Approval along with minor constructed amendments in plans for approval & proposed the following amendments:

1. The L.S. has proposed 14 Nos. of shops on the ground floor as shown on the plan instead of the earlier approved 16 Nos. of shops and an M.P. Room.

The construction work is already completed along with minor amendments on site, along with required fire-fighting installations stipulated vide above-referred NOCs. Hence, in this case, there are no requirements for additional fire safety measures.

Now, the L.S. has intimated about the completion of construction work along with minor constructed amendment of Ground floor part on stilt + 1st & 2nd podium floor of said High- Rise Commercial cum Residential Building having ground floor part on stilt + 1st to 4th Podium floors + 5th to 17th upper residential floors with a total height of 57.85 meters from general ground level up to terrace level. **(Excluding 3rd & 4th Podium floors + 5th to 17th upper residential floors)** and now reported compliance of fire safety measures stipulated vide above-referred NOCs by this department & requested to issue for part final fire safety approval.

On receipt of submission through Online system from the L.S., a senior officer of this department visited & inspected the site to verify & ensure the compliance of all fire protection & fire-fighting requirement stipulated by this department vide above referred fire protection & fire-fighting requirements letters issued for the said building where it was observed that party has complied with the fire protection & firefighting requirements stipulated by this department vide above referred N.O.C.s.

During the site inspection, the fire-fighting requirements such as wet riser, automatic sprinkler system, automatic smoke detection system, automatic drencher system, fire pump, sprinkler pump, jockey pumps, manual fire alarm system, P.A. system etc. were tested & found in good working order and the party has also provided fire extinguishers & sand buckets as mentioned in the above referred N.O.Cs.

Also, it was observed that the party has provided the pressurised wet riser system with a fire pump and a sprinkler pump for the completion of the low-rise portion of the above-mentioned High-Rise Residential building, i.e., the Ground floor part on the stilt + 1st & 2nd podium floors. Hence, it is considered at this stage.

The L.S. has uploaded the following documents online –

- 1. Area Certificate** dated 30.06.2025 submitted by L.S., Mr. Ashish Narendra Bhatt of M/s. Ashish Bhatt & Associates, for the total gross built-up area of 9400.00 sq. mtrs.
- 2. Structural stability certificate** dated 22.03.2025 issued by Mr. Jagdish B. Shah, consulting structural engineer of M/s. System Structural Consultants Pvt. Ltd., having Reg. No. STR/S/106.
- 3. Form-‘A’ certificate** dated 29.05.2025, for installation of fire-fighting system & detection system from Govt. Approved License Agency M/s. Sankalp Enterprises bearing License No. MFS-LA/ RF-290/RD-274.
- 4. Form ‘A’ for the installation of a Fire Rated Door** from the Govt. Approved License Agency M/s. Anu Enterprises, dated 19.07.2025, bearing License No. MFS/LA/RP-05.
- 5. Electrical work completion** certificate dated 24.07.2025, from the Govt. Approved Licensed Electrical Contractor M/s. Krupalu Electricals, having MC No. 37726 registered with the Energy, Industry & Labour Department of the Government of Maharashtra.
- 6. MEP Consultant certificate** for underground water storage tank capacity from M/s. Doshi P H, dated 19.07.2025.

At the time of inspection, it was noticed that the party had provided an IoT-based smart meter by M/s. Adani Electricity & uploaded hardship letter mentioning that they will provide a certificate of the same within 30 days or at the time of full OC of the Residential building. However, the L.S. shall inform this department after the provision of the same.

As per above above-referred N.O.C., the party has provided an underground water storage tank. However, the Hydraulic Engineer requested to verify the capacity of the water storage tank. The Party has provided an alternate source of electric power supply from a separate substation with a provision of a changeover switch.

The party shall give an annual maintenance contract for the firefighting system to the licensed agency for a period of 5 years. A certificate, i.e. Form "B", shall be submitted every six months (In January & July) to this office regarding the good working condition of the firefighting system as per the Maharashtra Fire Prevention and Life Safety Measure Act. 2006.

In view of the above, as far as this department is concerned, this Final Fire Safety Approval from fire protection & firefighting requirements point of view along with minor constructed amendments is issued for Ground floor part on stilt + 1st & 2nd podium floor of said High- Rise Commercial cum Residential Building having ground floor part on stilt + 1st to 4th Podium floors + 5th to 17th upper residential floors with a total height of 57.85 meters from general ground level up to terrace level. **(Excluding 3rd & 4th Podium floors + 5th to 17th upper residential floors)**

However, all the fire-fighting installations inspected by this department on the day of inspection were found in good working order. It shall be the responsibility of the owner/occupier to observe the fire safety measures, maintain the fire-fighting system in good working order from the next day of the inspection. If any item or requirement is missing from the next day, this department or the inspecting officer is not responsible for the same; accordingly, the BCC will not be issued. However, it shall be the responsibility of the owner/ occupier / co-operative society, whatever the case may be, to maintain all fire protection & fire-fighting equipment in working condition at all times. All occupiers shall be trained to fight the fire in the incipient stage. An electrical audit of the entire premises shall be done periodically under the supervision of a competent authority to prevent electrical fires in future. In case any complaints/ issues are raised in future regarding the installation of the firefighting system, it should be rectified by the occupiers and the owner accordingly.

Earlier, the Party has paid the Scrutiny fees of Rs. 7,29,800/-, vide Receipt No. CHE/BP/98168/22 dated 09.12.2022, the gross built-up area of 8900.00 sq. mtrs. as certified by the L.S.

Further, the L.S. has certified the height of the building as 56.15 mtrs. & Total built up area 8900.00 sq. mtrs. for the said residential building & as per schedule II of section 11(1) of the Maharashtra Fire Prevention & Life Safety Measure Act 2006, has paid Fire Service Fee of Rs. 1,33,500/- vide Receipt No. CHE/CFO/98339/22 dated 12.12.2022.

Further, the Party has paid the Scrutiny fees of Rs. 25,000/-, vide Receipt No. 10/11/2023/14015 dated 10.11.2023 & Rs. 47,100/-, vide Receipt No. 22/11/2023/14372 dated 22.11.2023, the gross built-up area of 9600.00 sq. mtrs. as certified by the L.S.

Further, the L.S. has certified the height of the building as 57.85 metres & Total built up area 9600.00 sq. mtrs. for the said residential building & as per schedule II of section 11(1) of Maharashtra fire prevention & life safety measure act 2006, has paid Fire Service Fee of Rs. 10,500/- vide Receipt No. 18/11/2023/14206 dated 18.11.2023.

Further, the Party has paid the Scrutiny fees of Rs. 25,000/-, vide Receipt No. 5/11/2024/33813 dated 05.11.2024, the gross built-up area of 9400.00 sq. mtrs. as certified by the L.S.

Further, the Party has paid the Fire Service fees of Rs. 95,760/-, vide Receipt No. 13/11/2024/34303 dated 13.11.2024, the gross built-up area of 9400.00 sq. mtrs. as certified by the L.S.

Now, the Party has paid the Scrutiny fees of Rs. 25,000/- vide Receipt No. 24/07/2025/50768 dated 24.07.2025, the gross built-up area of 9400.00 sq. mtrs. as certified by the L.S.

However, E.E.B.P.(E.S.) is requested to verify the gross built-up area and inform this department if the same is found to be more for levying the additional scrutiny fees, if any.

The L.S. has uploaded an undertaking on Rs. 500/- bond paper, dated 08.11.2024 & stating that as per MFS & LSM Act 2006 (2007 of Maha-III) & MF & LSM Act amended 2023 & circular from Directorate of Maharashtra Fire Services vide No. मअसे-2023/59/895 dated 02.06.2023 fire & emergency fee is applicable from 15th March 2024. Hence, Licensed Surveyor/Developer is ready to pay the necessary fees as per the demand letter from this office, in Future.

E.E.B.P. (E.S.) shall verified civil work, interior work and all other requirements stipulated in all NOC issued by this department, pertaining to Civil Engineering side including open spaces, set back, width of the abutting road/access road, internal access road, right of way/Common open space with adjoining building if any, all shafts, ducts, voids, AVS, LMR, OH & UG tank and its capacity, floor occupancy/floor wise user, common corridors, lift lobby and its ventilation, travel distance, electric meter rooms, fire control room, pump room, lifts, lifts shafts, staircases, doors, windows, balcony, canopy, height of the building, refuge area, compound wall, removal of construction GI sheet barricading, pavement, gates & its width, trees, elevation futures if any, structural stability etc. and also any additions/alterations/ amendments other than approved plans as well as gross built up area shall be verified before grant of any permission (i.e. amended CC/O.C./B.C.C.), if found any contradiction, the said completion certificate shall be referred back to this department for offering fresh remarks from fire safety point of

view. If any matter in this case violates DCR 1991/DCPR-2034, then the final O.C./B.C.C. shall not be issued.

The party has given undertaking regarding annual maintenance contract for the Fire Fighting System will be given to the approved License agency for the period of five years & Form 'B' certificate shall be on/line uploaded in BMC portal (Mumbai Fire Brigade) Link: <https://portal.mcgm.gov.in/irj/portal/anonymous/qlupload> every six months (In January & July) to this office regarding good working condition of the firefighting system as per Maharashtra Fire Prevention and Life safety Measures Act 2006. Also, the managing committee of society, proprietor, owner, occupier, should coordinate with Mumbai Fire Brigade after every six months with the Inspecting/Nominated Officer of this region & Owner, occupier and security guards have to follow guideline for Fire Drill & Evacuation Procedure as per Annex D, Clause 4.11 of NATIONAL BUILDING CODE OF INDIA -2016.

However, further additions/alterations/amendments, if any, during the construction work, the L.S. /Licensed Surveyor shall get it approved from a competent Municipal Authority before occupying the premises.

However, it shall be the responsibility of the occupiers/owners of the shops to obtain necessary permissions/Licenses from the concerned competent Municipal Authority before starting any trade activity under section 394/390 of the MMC Act in the premises.

This Final Fire Safety Approval for part completion issued from the fire-protection & fire-fighting requirements point of view to the Ground floor part on stilt + 1st & 2nd podium floors in the above-mentioned High- Rise Commercial cum Residential Building is issued without prejudice to legal matters pending in the court of law, if any, and the inspection report submitted by the Inspecting officer.
